Proceedings of the meeting of Council dated 16-9-1944

6 0 No L 1312-5/M1 81-43-43 dated 8-8-1943 sanctioning the proposal of the Director of Public Health to purchase 4000 -7" diameter stoneware pipes and 450 -4" stoneware junctions from Mysore Stoneware and Potteries at Rs 3-4-0 and Rs 5-10-0 respectively

Recorded subject to certain observations

Mr N Gupta observed that except the Government Order no other papers relating to the subject were before them with the result they were not in a position to know the conditions that gave rise to the Government Order and that since the municipality was footing the bill, it was but right that it should be in the full know of things He suggested that it would be better if the Director of Public Health made a reference to the municipality before writing to Government in all such matters

When the Government Order was recorded with the observation that in future estimates to be sanctioned by the Director of Public Health to Government, be first sent to the Municipal Council and sanction of Council be obtained before addressing the Government in the matter this observation be communicated to the Director of Public Health
